| Product Type  | IP65 XLR Socket | C S     |
|---------------|-----------------|---------|
| Product Model | J5F2C-W-B       | G about |

#### **Product Features**

- > The industry's first waterproof XLR socket with a waterproof rating of IP65
- 5-pin XLR waterproof male socket with zinc alloy and black plated housing and gold plated contacts
- Air-proof treatment at the rear part to prevent water vapor from entering inside the equipment
- > D-shape metal shell with industry standard D-type installation dimensions provides installation compatibility
- > Install from the front of the panel
- Solve to the fullest degree the fast connection requirements of the DMX lighting industry in outdoor conditions for signal input and output

#### **Product Parameters**

| Item            | Specification |
|-----------------|---------------|
| Connection type | XLR           |
| Gender          | Male          |

#### **Electrical Parameters**

| Item                         | Specification     |
|------------------------------|-------------------|
| Capacitance between contacts | ≤ 7 pF            |
| Contact resistance           | ≤ 5 mΩ            |
| Dielectric strength          | 1500V DC          |
| Insulation resistance        | > 10 GΩ (initial) |
| Rated current per contact    | 7.5 A             |
| Rated voltage                | < 50 V            |

#### **Mechanical Parameters**

| Item             | Specification        |
|------------------|----------------------|
| Insertion force  | ≤ 20 N               |
| Withdrawal force | ≤ 20 N               |
| Service life     | > 1000 mating cycles |
| Chassis shape    | D-size               |

#### **Material and Environmental Parameters**

| Item                  | Specification |
|-----------------------|---------------|
| Contacts              | Cu alloy      |
| Contact plating       | Au            |
| Insert                | PA            |
| Housing               | Zinc alloy    |
| Housing plating       | Black plating |
| Flame-retardant grade | UL 94 HB      |
| Protection class      | IP65          |
| Temperature range     | -30°C ~ +80°C |

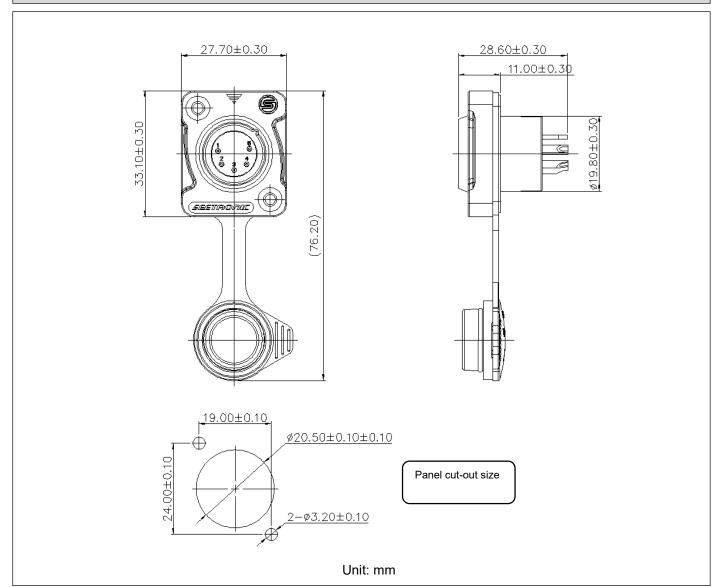

#### **Standards and Certifications**

| Standards     | IEC 61076-2-103 |
|---------------|-----------------|
| Solderability | IEC 68-2-20     |

☐ Back fastener plate

Screws and Nuts

Waterproof gasket cover

#### **Assembly Instructions**

Put the waterproof gasket cover on the rear side of the socket and then install on the front of the panel. Finally, tighten the screws with 0.5 Nm torque in clockwise direction.
